

16/0.2mm Equipment Wire – (Plain Colours)

Equipment Wires to Defence Standard 61-12 Part 6

Specification

16/0.2mm Type 2 [0.5mm²]

Conductor	:	16 Strands of 0.2mm diameter tinned annealed copper wire
Insulation	:	PVC to a radial thickness of 0.3mm
Diameter	:	1.55mm nominal OD
Rating	:	1KV r.m.s., 3.0 amps at 70°C 4.0 amps at 25°C ambient Maximum resistance at 20°C - 38 ohms/Km

NB:- Wires manufactured to Defence Standard 61-12 Part 6 types 1, 2 and 3 also comply with the requirements of BS 4808 classes 1, 2 and 3 for corresponding stranding and types. Because the requirements of Defence Standard 61-12 Part 6 are more rigorous than that required by BS 4808 the converse is not necessarily true.
